## International Post Graduate Program in **Emergency Medicine**

### Introduction

Elevate your expertise in emergency medicine with OC Academy's intensive International Post Graduate Program. Designed for practising physicians and specialists, this comprehensive course combines a 9-month online curriculum with a 3-month clinical experience. It provides a robust foundation for diagnosing and managing acute and urgent conditions, enhancing critical decision-making skills for high-stakes environments.

The program has three distinct components, each offering a unique and valuable perspective on emergency care, as explained below:

### 1. Program in Acute Medicine

This foundational course covers key aspects of emergency medicine practice. Developed in the UK by the NHS England, the Royal Colleges of Physicians (UK), the Royal College of Physicians and Surgeons of Glasgow, and the Royal College of Physicians of Edinburgh, it features expert-authored e-learning materials, ensuring evidence-based knowledge for modern clinical practice.

### Key Topics:

- Cardio-Respiratory Arrest
- Acute Confusion
- Interventional Radiology Essentials
- Infectious Diseases in Emergency Settings
- Weakness and Paralysis
- The Unconscious Patient

### 2. Advanced Interactive Program

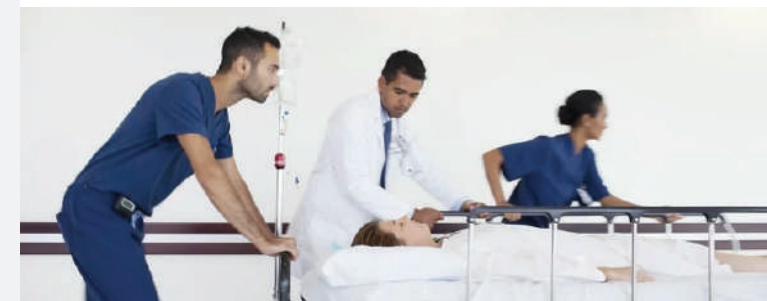

The program features a rigorous and evidence-based curriculum designed to provide in-depth training across a spectrum of medical emergencies. Professionals will acquire advanced knowledge and refine their clinical reasoning skills through a blend of didactic lectures, case-based discussions, and interactive learning modules.

The curriculum is accredited by CPD and IFEM (International Federation of Emergency Medicine), ensuring the highest quality education and international recognition in emergency medicine.

### Key Topics:

- Advanced Cardiac Resuscitation in Critically Ill Patients
- BLS and Cardiac Arrest Management in Critical Care & Emergencies
- End Stage Renal Diseases & Hepatobiliary Compromise Management
- Pain Management and Drugs in Critical Care
- ABC in Emergency and Critical Care
- Interpreting CT Brain in Emergency

## 3. Clinical Training

3-month observership, providing professionals with hands-on experience in leading hospitals and specialised emergency care centres across India. Learn from experts and gain exposure to diverse clinical scenarios in emergency care.

## Our Network of Excellence with Top-Tier Hospitals

## Learn from Renowned Industry Experts

### Course Director

**Dr. T S Srinath Kumar**

(MBBS, MD)

A renowned emergency medicine specialist with over 20 years of experience, Dr. Kumar is the Senior Consultant and Group Head of Emergency Medicine at Yashoda Hospitals. He has a passion to improve emergency care across India. A Special Advisory Board Member for the National Board of Examinations (NBE) in Emergency Medicine and a distinguished member of the Royal College of Emergency Medicine, his extensive experience shapes this cutting-edge program.
