

International Post Graduate Program in
CARDIOLOGY

INTRODUCTION

The International Post Graduate Program in Cardiology is an immersive 9-month online course and 3-month clinical experience for doctors seeking to advance their career in Cardiology. This program consists of three modules, each providing a unique perspective on cardiovascular care.

1

Heart Failure & Heart Valve Disease Certification

This foundational course comprehensively addresses essential topics in the domains of heart failure and heart valve disease. The program is developed by global experts and certified by NHS UK.

Key Topics Covered

- Cardiovascular disease prevention and rehabilitation
- Heart Valve Disease – diagnosis and management
- Frailty, end-of-life care and heart failure
- Heart Failure in primary and secondary care
- Heart Valve Disease – Endocarditis
- Heart Failure and key issues in echo reports

2

Advanced Interactive Program

The program builds on the foundation by providing in-depth training on advanced topics through on-demand video lectures and live classes. It is accredited by CPD and Indo Global Cardio Diabetes Academy.

Key Topics Covered

- Myocardial Infarction
- Chronic Coronary Syndrome
- Acute Pulmonary Embolism and Pulmonary Hypertension
- Clinical Pharmacology for Cardiologists
- Non-invasive Imaging in CVD: Types, Principles & Practice
- Sudden Cardiac Arrest: CPR & Latest Management Strategies

3

Clinical Experience

Practical experience at reputed hospitals in India through guidance from specialists in real-world healthcare environments.

FACULTY DETAILS

This program is structured and designed by a team of distinguished experts.

Course Director

Dr. P P Mohanan

MD, DM (Cardiology)

An esteemed cardiologist with over 30 years of expertise, currently leading as President of the Cardiological Society of India (CSI) while also serving as Director and HOD of Cardiology at West Fort High Tech Hospital in Thrissur. He has been honored with numerous awards, including the Distinguished Service Award.

Faculty

Dr. D Prabhakar

MD, DM, FAAC

Dr. Govindan Unni

MBBS, MD

Dr. Abraham Oomman

MD, DM, DNB

Course Curriculum

Certification Course in Heart Failure and Heart Valve Disease

- 01 | Introduction to Heart Failure and Valve Disease
- 02 | Cardiovascular Disease Prevention and Rehabilitation
- 03 | Frailty, end-of-life care and heart failure
- 04 | Heart Valve Disease - Diagnosis and management in primary care
- 05 | Heart Valve Disease - Endocarditis
- 06 | Heart Valve Disease - Introduction
- 07 | Heart Valve Disease - Treatment and follow up
- 08 | How to Diagnose Heart Failure and Key Issues in an Echo Report
- 09 | How to Optimise Management of Heart Failure in Primary Care
- 10 | Secondary care management of heart failure
- 11 | Transforming heart failure care across your Primary Care Network

Advanced Interactive Program in Cardiology

- 01 | Epidemiology of Cardiovascular Diseases (CVD) & Current Disease Burden in India
- 02 | Understanding the Value of Medical History, Risk Factor Assessment & Clinical Examination in CVD
- 03 | Role of Electrocardiography in Cardiovascular Disease
- 04 | Non-invasive Imaging in CVD: Types, Principles & Practice
- 05 | Chest Xray and Ubiquitous Echocardiography -How helpful are they?

Advanced Interactive Program in Cardiology

- 06 | Current Therapeutic Approaches for the Management of Heart failure
- 07 | Hypertension: Burden, Role of ABPM, Current & Evolving trends in Diagnosis & Management
- 08 | Uncommon Drugs in the Management of Systemic Hypertension
- 09 | Sudden Cardiac Arrest: Importance of CPR & Latest Management Strategies
- 10 | Clinical Pharmacology for Cardiologists
- 11 | Latest Understanding of Cardio-metabolic Diseases, Preventive strategies & Management
- 12 | Current & Evolving Concepts in Dislipidemia & Atherosclerosis Management
- 13 | A closer look on the Diagnosis & Management of Acute Myocardial Infarction
- 14 | Chronic Coronary Syndrome: What are the management obstacles & How to overcome them?
- 15 | Heart Failure- Current Burden in India, Diagnostic Trends & Updates on the Global & Indian Clinical Practice Guidelines in the Management of Heart Failure
- 16 | Acute Pulmonary Embolism and Pulmonary Hypertension: How to Manage?
- 17 | Women & Heart Disease- Are they different?
- 18 | Rheumatic Heart Disease: Clinical & Preventive Decision Making
- 19 | Chest X-Ray in Cardiology - How helpful are they?

Why is this good for you:
