## Post Graduate Program in Orthopedics

Orthopaedic Research  
and Education Foundation

### Introduction

Elevate your expertise in orthopedics with OC Academy's intensive Post Graduate Program. Designed for practicing physicians and specialists, this comprehensive course combines a 9-month online curriculum with a 3-month clinical experience, providing a robust foundation in diagnosing, managing, and treating musculoskeletal disorders. This program facilitates the development of critical skills essential for delivering advanced care and improving patient outcomes.

The program has two distinct components, each offering a unique and valuable perspective on orthopedic management, as explained below:

### 1. Advanced Interactive Program

The program features a rigorous and evidence-based curriculum designed to provide in-depth training across a spectrum of orthopedic conditions. Professionals will acquire advanced knowledge and refine their clinical reasoning skills through a blend of didactic lectures, case-based discussions, and interactive learning modules.

### Key Topics Covered:

- Fracture Management and Healing
- Degenerative Joint Disease
- Inflammatory Arthritis
- Metabolic Bone Diseases
- Total Joint Arthroplasty

The curriculum is accredited by CPD and Orthopedic Research Education Foundation (OREF), ensuring the highest quality education and global recognition in orthopedics.

### 2. Clinical Training

A 3-month observership providing professionals with hands-on experience in leading hospitals and specialised orthopedic centres across India. Learn from experts and gain exposure to diverse clinical scenarios in orthopedics.

### Our Network of Excellence with Top-Tier Hospitals

## Learn from Renowned Industry Experts

### Course Director

**Dr. John Mukhopadhyay**

(MBBS, FRCS, MCH-Orthopaedics)

Dr. Mukhopadhyay is a highly respected and experienced Orthopedic Surgeon with over 34 years of experience in the field. He serves as the Chairman of the Orthopedics Research and Education Foundation, bringing a wealth of knowledge in trauma and orthopedic surgery.
