

International Post Graduate Program in
PAEDIATRICS

INTRODUCTION

The International Post Graduate Program in Paediatrics is a comprehensive 9-month online course and 3-month clinical experience for doctors seeking to advance their careers as emergency medicine specialists. This program consists of three modules, each providing a unique perspective on emergency care.

1

Certification Course in Paediatrics

This foundational course covers various aspects of paediatrics, from assessment, examination, and investigation to management, complications, and ethical considerations. The program is designed by global experts and certified by NHS UK.

Key Topics Covered

- Cardiovascular Examination
- Respiratory Examination
- Type 1 and Type 2 Diabetes Mellitus
- Diabetic Ketoacidosis
- Symptom Management
- Ethics, Sexuality and Spirituality

2

Advanced Interactive Program

The program builds on the foundation by providing in-depth training on advanced topics through on-demand video lectures and live classes. It is accredited by CPD.

Key Topics Covered

- Growth and Development - Normal and Abnormal Growth
- Neonatology - Normal Newborn and Common Neonatal Issues
- Respiratory System - Pneumonia and Asthma
- Gastrointestinal System - Acute Watery Diarrhoea
- Infectious Diseases - Exanthematous Fevers
- Vaccinology - Common Vaccines
